Report on Celebrate World Environment Day (08.06.2019)

The Institution of Engineers (India) SALEM LOCAL CENTRE Celebrated World Environment Day for the year 2019 at SPC Bhawan, Salem on 08.06.2019 at 06:30PM.

The theme of this year's celebration of World Environment Day is Air Pollution.

Dr.M.Velan, FIE., Chairman, Environmental Engineering Division Board (ENDB), IEI and Advisor, Environment Cell, NLC India Ltd, Neyveli was the Chief Guest. Others present on the occasion were Er.D.Arulselvan Chairman, Er.S.Loganathan Secretary, IEI Members and host of dignitaries.

Speaking on the occasion Dr.M.Velan told Air pollution is defined as the introduction of particulates, biological molecules, or other harmful materials into the Earth's atmosphere, possibly that cause disease, death to humans, damage to food crops, or the natural or built environment.

World Environment Day Inauguration function

Burning of fossil fuels such as coal, petroleum including other factory combustibles are the major causes of air pollution. Variety of smoke emissions from the automobiles such as cars, buses, motorcycles, trucks, jeeps, trains, aeroplanes, etc are also causing air pollution. Increasing number of industries is causing release of toxic industrial smokes and harmful gases (like carbon monoxide, organic compounds, hydrocarbons, chemicals, etc) from the factories and mills to the environment

The get together effort of the human beings all over the world may help in controlling the level of air pollution. The establishment of industrial estates should be away from residential areas, motivate use of tall chimneys (with filters and electrostatic precipitators) instead of small, promote use of high temperature incinerators, use of non-combustive sources of energy, promote use of non-lead antiknock agents in the gasoline, promote re-plantation and so many positive efforts.

Participated Faculty member: Mr.P.Anandakumar

Chief Guest Dr.M.Velan addressing

International Yoga Day Celebration (19.06.2019)

Report on International Yoga Day Celebration

Name of the Event	International Yoga Day Celebration
Organized through	NSS / YRC
Resource person	Mr.Rajeev, Vice Chairman
Date/time/venue	19 th June 2019/ 10 a.m.– 12.30p.m./ Seminar hall, SSCET
No. of Students Participated	120

International Day of Yoga was celebrated by the students and teachers at Sri Shanmuga College of Engineering and Technology with great enthusiasm. As part of worldwide celebration of 5th International Day of Yoga on 21st June 2019. Sri Shanmuga College of Engineering and Technology has also celebrated this day on June 19, 2019 in its campus.

The celebration started with synchronized recitation of shlokas and speech by our AO Mr.B.Uthayakumar . He encouraged students to practice regular yoga to remain fit and improve concentration. Regular practice of yoga will surely help our students achieve a better life, physically, mentally and spiritually as well. Students of Agri,Civil,CSE,ECE and Mechanical demonstrated various asanas followed by Omkar chanting. 107 students took part in the event with great enthusiasm. The chief guest was Mr.Rajeev Vice Chairman, Erode district; World Community Seva and Sankari Manavalakalai Mandram Trust, Two yoga (2) teachers accompanied by 3 trained volunteers were there to conduct the yoga practice as per the directions received from Ministry.

International Yoga day Inauguration and Chief Guest Addressing

Since its inception in the year 2015, June 21st is celebrated as The International Day of Yoga all over the world. This idea was proposed by our Prime Minister, Mr. Narendra Modi. He said, "Yoga is an invaluable gift of India's ancient tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of oneness with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being."

The Occasion ended with the vote of thanks proposed by Mr.P.Anandakumar Nodal Officer, AISHE.

REPORT ON SWACHH BHARAT SUMMER INTERNSHIP PROGRAMME
FROM 11th JULY TO 13th JULY 2019

Name of the Event	Swachh Bharat Summer Internship Programme
Organized through	NSS / YRC
Resource person	Swachh Bharat Project coordinator
Date/time/venue	11 th to 13 th July 2019/ 10 a.m. – 4.30p.m. / Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu(Edappadi), Vaikuntham (Magudanchavadi) and A.Thalaipur (Magudanchavadi)
No. of Students Participated	37

Sri Shanmuga College of Engineering and Technology, National Service Scheme (NSS) wing under Swachh Bharat Summer Internship Programme conducted an awareness camp at Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu(Edappadi), Vaikuntham (Magudanchavadi) and A.Thalaipur (Magudanchavadi). Various awareness programmes like ‘Use of Toilet’, Tree Plantation, Importance of clean India, the Evasion of plastics etc., were conducted for the school students and peoples.

The Principal Prof. Dr.R.Radhakrishnan, Administrative officer Mr.B.Uthayakumar, Sankari Block Development Officer Mrs. Kala (Block panchayat), Guiding Village panchayat co-ordinators Mrs.Sathy, Mrs.Maheswari, Mrs.Maragathamani, Mrs.Senthamizh Selvi, Mrs.Latha, Mrs.Ambika, Mrs.Sumathi and Mrs.Chitra, project co-ordinator, and the school head masters appreciated the work of NSS volunteers. Programme Officers Mr.S.Senthilkumar , Mr.D.Sathyakumar , supporting the faculty members Dr.K.Kumar, Ms.A.Priyanga, and Ms.S.Sivakami made the preparation for the camp.

In pursuant to the vision of Swachh Bharat Abhiyan, Sri Shanmuga College of Engineering and Technology of Management has enrolled for Swachh Bharat Summer Internship Programme from 11th July to 13th July 2019 with an objective to accelerate efforts to achieve sanitation coverage, improve cleanliness and eliminate open defecation in India by 2019. The Swachh bharat summer internship -60 Hours of Swachhata is to encourage the youth across the country, develop their skills and orientation for sanitation related work and make Swachh Bharat Mission. The project on the theme “ ENGAL GRAMAM TUYMAI GRAMAM” in the Salem District covering village namely Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu(Edappadi), Vaikuntham (Magudanchavadi) and A.Thalaipur (Magudanchavadi) having a population of around 14,000 people along with the Sri Shanmuga College of Engineering and technology Swachh Bharat Team members of 37 students.

List of Activities executed at 7 villages are:

- Creation of Basic Awareness among Rural Community
- Awareness to School and Anganwadi Children
- Interaction with pregnant women/ Lactating Mothers.
- Demonstration of Solid and Liquid Waste Management.
- Community based Monitoring Mapping.

DOOR TO DOOR AWARENESS ON CLEANLINESS:

All the volunteers went to their adopted villages for door to door awareness campaigning on cleanliness. They awarded the masses regarding the importance of cleanliness inside and outside their homes. The interns prepared waste disposal and segregating boxes. They also demonstrated the people about the preparation of waste segregating boxes for waste disposal. Cleanliness drive was carried out at the adopted villages and the waste was disposed off. Interns continued their service of door to door awareness. They educated the people about the clean environment and its benefits and at the same time they educated children about the washing of hand before and after every meal.

To improve the levels of cleanliness in the village's areas through Solid and Liquid Waste Management activities and making Gram Panchayats Open Defecation Free (ODF), clean and sanitised. The concept of SBA CAMPAIGN is to provide sanitation facility to every family, including toilet, solid and liquid waste disposal system, village cleanliness and safe and adequate drinking water.

Students involved in Door to Door awareness activity

CREATION OF BASIC AWARENESS AMONG RURAL COMMUNITY:

Our NSS volunteers created awareness among the people by going to reach home. We were happy to see that nearly 90% of the home were with the rest room and also, we took a small survey about a families and their health and cleanliness.

NSS volunteers created awareness among to convey the health and financial benefits of improve sanitation practices, toilet usage, water conversion and rain water harvesting and clean environment. Our volunteers explain to them about maintenance of twin pit toilet and also process of faces turning to manure. Tell about retrofitting of minor repairs in a twin pit toilet. Waste segregation at source like Bio-Degradable and Non-biodegradable including 3Rs- Reduce, Reuse and Recycle. NSS volunteers explain to importance of soak pits at home for Grey water management can be stressed in the meeting.

Students involved creation of basic awareness among rural community

AWARENESS TO SCHOOL AND ANGANWADI CHILDREN:

NSS Volunteers creating awareness among the children of the government school at Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu(Edappadi), Vaikuntham (Magudanchavadi) and A.Thalaiur (Magudanchavadi). The session was more informative and interactive in which the students actively participated and clarified their doubts. Their staffs supported throughout the programme and appreciate the activities. We talk about the need of healthy hygiene such as brush twice a day, bathing, do not use plastics, importance of water and rain water harvesting, etc., The things which made us more surprising was the staffs of that school had already teach their students about good health and made them to follow it in their day to day life.

Students create awareness to school and Anganwadi children

NSS volunteers teach them importance of the Ten Commandments for a healthy life, hand washing techniques in school students. Awareness about list of bio-degradable and non-bio degradable wastes can be taught to them to inculcate the habit of segregating the waste and also explain the good hygienic practices to be followed and especially about menstruation hygiene management among adolescent girls in High/Higher Secondary Schools.

Students create awareness to school and Anganwadi children

NSS volunteers teach them importance of the ten commandments for a healthy life, hand washing techniques in school students. Awareness about list of bio-degradable and non-bio degradable wastes can be taught to them to inculcate the habit of segregating the waste and also explain the good hygienic practices to be followed and especially about menstruation hygiene management among adolescent girls in High/Higher Secondary Schools.

Students create awareness to school and Anganwadi children

INTERACTION WITH PREGNANT WOMEN/ LACTATING MOTHERS:

NSS volunteer's interaction with pregnant/ lactating mothers to explain the awareness for health issue. We are interacting people and explain them the occurrence and impact of worm infestation on physical and mental growth of the infants. Educate them on the causes and consequence of Anaemia, Malnutrition in children, like stunting, etc. volunteers explain them the importance of potty training to the children.

Students Interaction with Pregnant Women/ Lactating Mothers

DEMONSTRATION OF SOLID AND LIQUID WASTE MANAGEMENT:

NSS Volunteer's Organize Waste collection awareness drives in households and common spaces- cleaning of Hospital through awareness drives- segregation of solid waste into non-biodegradable and biodegradable waste- Plant Sapling at Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu, Vaikuntham and A.Thalaiur. The Volunteers display bio- degradable and noOn-bio degradable waste and explain why source segregation is necessary and also exhibit the products that are alternative to plastics. Tell them how to do composting and set up nutrition garden at home.

Students create awareness about demonst ration of solid and liquid waste management

COMMUNITY BASED MONITORING MAPPING:

NSS Volunteer's collect the data from the village peoples at Morur West, Morur East, Chinnagoundanur, Devanagoundanur, Pakkanadu, Vaikuntham and A.Thalaiur. The Volunteers are collecting all the basic necessary scheme data, using government schemes details. It is mapping done and exact status of toilet availability and usage.

Students collect community based monitoring mapping data

TREE PLANTATION AND MEDICAL CAMP:

The medical camp held at vengipalayam government school. The doctors of Salem district arrived there and made a free check up to all the peoples. It was more helpful to that villagers. NSS volunteers, we done our volunteer work properly. We helped the doctors and also the people by taking them to the rooms which checkup they wanted to do. We felt happier for helping them. NSS volunteers' trees plantation were planted in the school.

Tree plantation and Medical Camp

CONCLUSION:

The Mission on Implementation of Swachh Bharat Abhiyan Project was conducted to assess the impact of the programme on community along with evaluate the skill of functionaries. The finding suggests that community members were inclined towards the cleanliness programme and desired maintain continuity of activities conducted by Sri Shanmuga College of Engineering and Technology, Sankari. The camp was a huge learning experience for all the students. The objectives that were laid down for the camp were by and large met. The most important benefit of the camp was that the students learnt to work as a team. The food, weather and surroundings were different and the students interacted extremely well with the local community as well as adjusted admirably to the rural setting. The students did a commendable job in mobilizing the community and the huge turnout of people that attended the programs bears testimony to this fact. During one of the programs, the students spread awareness about health and hygiene. The students also interacted with the children of the activity centers and played several games with them. This camp was a very good occasion for the students to exercise their social work principles and skills and the students benefitted immensely by the experience. Management applauded the efforts of the Swachh Bharat Team and staff coordinators and stressed upon to continue such drives in future.

Tree plantation Program (02.08.2019)Report on Tree plantation Program

Name of the Event	Tree plantation Program
Organized through	NSS / YRC
Resource person	Dr. Kavidasan, Director – HR, Roots Industries Ltd., CBE
Date/time/venue	02 nd August 2019/ 10.30am / College Campus
No. of Students Participated	15

On 02nd August 2019, Sri Shanmuga College of Engineering and Technology, successfully completed the event of Tree Plantation under the National Service Scheme at college campus. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. Welcome speech has been given by the chief guest Dr. Kavidasan, Director – HR, Roots Industries Ltd., CBE. At that time chief guest advice to volunteers to think differently for the Society to make positive changes and to make improvement, Principal introduced guest at the time. Tree Plantation program was organized by our college's NSS forums at our campus from 10.30 am on 02nd August 2019. Around 60 trees (Neem, Padam and garden trees) were planted across our college campus.

INDEPENDENCE DAY CELEBRATION (2019-2020)Report On Independence Day Celebration

Name of the Event	Independence Day Celebration
Organized through	NSS / YRC
Resource person	Prof.Dr.R.Radhakrishnan, Principal
Date/time/venue	15 th August 2019/ 09 – 10.30 am/ College Campus
No. of Students Participated	250

On August 15, 1947, India got her freedom and finally broke from the shackles of slavery. Our college celebrated this auspicious day with great enthusiasm and proudness on 15th August 2019. Every student contributed towards its preparations and the celebration began with marching by NSS cadets. For this programme, Er.Thiru.S.Prabhakar, Vice-Chairman, Principal Prof. Dr.R.Radhakrishnan of our college was hoisted the flag at college campus at 9 a.m. All the staff members and students saluted towards the flag. Then the cultural program began by reciting of poetic songs and poem. Further, it was flourished by various traditional dance forms and skits. As the program was coming to an end the enthusiasm in the college remained the same. At last the principal delivered the speech and vote of thanks.

Workshop Proceedings:

Inaugural Session:

The workshop started at 10 AM with an Invocation Song.

Dr. Venkatakrishna Kumar, Associate Professor and Head, Department of Computer Science, PSGCAS gave the welcome address. He cordially welcomed all the Members from MGNCRE, Dr.D.Brindha, Principal, PSGCAS, the participants who had come from various prestigious Institutions from within Coimbatore and from other States of India.

The Presidential address was presented by Dr.D.Brindha, Principal, PSGCAS. She briefly welcomed all the dignitaries present and the participants from other Educational Institutions. She also briefed about PSG College of Arts and Science, about the birth of the Institution during 1947 and the growth path of the Institution. She gave information about the courses being offered to the students and how the Institution has excelled in the field of education, Health and hygiene Technology and other socio economic activities.

She also gave an insight on the various Corporate Social responsibility activities being undertaken by the Institution with regards to Government of India's Swachh Bharat Abhiyan, be it adoption of villages providing Sanitation facilities and other awareness activities. She explained how their Institution is thriving to achieve the goals set by Mahatma Gandhiji Father of our Nation.

Next Dr.Naveen Prakash of MGNCRE spoke about the initiatives of MGNCRE and thanked PSG college of Arts and Science for providing the venue for the workshop and making arrangements for the event at a short notice.

Dr.Vineeth Vijay of MGNCRE spoke about the noble initiative of Swachhata Mission, Healthy sanitation Management and working towards Open defecation free villages in India.

Thereafter mementos were presented to the Principal and Senior Faculty of PSGCAS by MGNCRE.

Dr.Kavitha from PSGCAS gave a vote of thanks to the participants.

Inaugural Session

Tea Break – 11AM to 11.15AM

Post Tea Session: 11.15 AM to 1 PM

The session was organised jointly by Team MGNCRE.

All the participants were requested to be seated in a semicircle seating arrangement. They were asked to introduce themselves as directed by Dr.Naveen Prakash. They were asked to inquire the name of the participant sitting next to them on the right side and then introduce oneself and then the participant sitting on the left side. (Pendulum style of introduction). The introduction session was completed.

All the participants were requested to give a brief about the initiatives and works done in the area of ODF and other areas of Socio economic empowerment in their respective rural areas.

Dr.Kavitha explained about the initiatives taken by PSGCAS in the villages adopted by them for ODF and other best practices for health and hygiene. She explained about the involvement of the students

of their college be it NCC or NSS. The Institution has made it mandatory for all the senior students to involve themselves in the rural activities. The faculty also are equally involved along with the students.

Prof. Patel from Sri Ramachandra University gave a brief of waste management initiatives by their University in addition to installation of Bio gas in primary health centres.

Dr. Perumal provided information about the activities by NSS in Virudhunagar district.

Dr.Kannan of Saveetha University explained how their college has achieved the No plastic goal and providing solar lighting nearby villages and the good work done by them during the floods in Chennai.

Dr.Anand of Shanmuga Arts and Science college Salem have adopted two nearby villages and organised construction of toilets for the villagers. They are creating awareness through various programs regarding Health hygiene and sanitation. They are giving training programs towards income generating activities in waste management.

Ms.M.Kalpana and Ms.K.Abirami from Mahendhira College of Education, Namakkal explained about their inclusion of Rural empowerment activities for all their students so that as teachers they can further pass on the same behavioural practices to their students thereby benefiting the whole community and thereby achieve the goal of Swachh Bharat Abhiyan in our country.

Dr.Garg of Goa University briefed about the Swachh Bharat Abhiyan initiatives by their University. He informed that about 5 villages and 1300 rural people got empowered in health and hygiene aspects. The main problem being faced by the Goa University in constructing toilets in rural areas is that the total land is owned by the Government and getting approval from the Government is difficult.

Further a few of the common initiatives by all the institutions are listed below:

Ban of plastics, creation of awareness regarding health, hygiene and sanitation, OD, Solar power, energy saving initiatives, carbon neutralization etc.

The major problem being faced by all is the management of E waste and medical waste.

The session ended for lunch at 1.pm

Post Lunch session 2.15PM to 4. PM

Group Discussions:

The participants were asked to form groups of three members each and to discuss within themselves the facilitating factors and the restraining factors while working in the rural areas and to prepare a report based on their discussions and give a name for the group.

The Reports given by all the groups are compiled below:

Sl. No	Name of the group	Participants	Facilitating Factors during Rural Area activities	Restraining Factors during Rural area activities

Tea Break 4.PM to 4.30 PM

After the tea break, the groups discussed elaborately on their experiences while working in the rural areas as shown in the table above.

Dr.Vineeth Vijay, Faculty, MGNCRE presented a clipping on the two pit technology of construction of toilets.

He also discussed above a few success stories and the model Village in Jabalpur which is declared as an ODF village.

Thereafter Dr. Patel from SRM University gave a brief about health and hygiene, communicable and non -communicable diseases how to prevent or eradicate them etc.

Dr.Ravi Prakash Singh, Senior Faculty, MGNCRE presented a statistics about the present Rural ODF villages status in India.

Conclusion 5.30 PM

Participants were issued certificates along with Momento of Mahatma Gandhiji's Small statue . Dr.Kavitha from PSGCAS expressed the vote of thanks.

The Workshop ended with our National Anthem.

NSS Day -Clening Camp (2019-2020)

Report on NSS Day -Clening Camp Program

Name of the Event	Clening Camp Program
Organized through	NSS / YRC
Resource person	Programme officer
Date/time/venue	24 th September 2019/ 10.30am – 1 pm/ College Campus
No. of Students Participated	20

The NSS volunteers gathered to clean the surroundings of the individual buildings in the campus on 24th September 2019. NSS volunteers enthusiastically collected plastic wastes, tea cups, weeds, and dry leaves spread over the surrounding areas. The volunteers gathered all the waste and trash bags to the place where the university arranged for the removal of collected wastes. The whole cleaning drive was quite inspiring and motivating for the NSS team members.

NSS Volunteer's involved Campus cleaning activities

MAHATMA GANDHI NATIONAL COUNCIL OF RURAL EDUCATION – WORKSHOP ON 28.09.2019

Report on Mahatma Gandhi National Council of Rural Education Workshop

One day workshop on "Rural Immersion– Community Engagement" held on 28th September 2019 was organized by Mahatma Gandhi National Council of Rural Education, Hyderabad in collaboration with NSS Unit, Sri Shanmugha College of Engineering and Technology, Sankari, Salem. The Principal Prof. Dr.P.Radhakrishnan, Administrative officer Mr.B.Uthayakumar, Mr.Naveen, MGNCRE Co-ordinator, Faculty members participated in this workshop. Then Mr.Naveen, MGNCRE Co-ordinator was started workshop and give useful thing and motivate the participant

The Objectives of this FDP is To understand the historical perspective of local community engagement, work education, experiential learning, To study and understand the changing profile of local economy, polity and community in Rural India, To study rural education and infrastructure needs and align them with the education programmes, To understand the new village technology interface in terms of information, participatory processes, mainstream and alternative technologies in agriculture, rural livelihoods and industries and communication for promoting student-community participative learning. To provide practical opportunities for students for participation in community mobilization, service engagement and empowerment activities along with trained resident community volunteers. To promote preparation and implementation of community engagement and work education plan for identified, mutually agreed and prioritized aspects.

Resource person Mr.Naveen motivate the participant and certificate distribution

**Dengue Fever Control Activities - Awareness Creation (06.10.19)**

Dengue Fever Control Activities program was organized by our college's NSS forums at Pullipalayam from 9.30 am to 1 pm on 6th October 2019. In the college campaign, class rooms, hostels were checked and sprinkled dengue fever prevention powder and liquid along with health inspector per team. Aerial spraying is used as part of an integrated mosquito control program to quickly reduce the number of mosquitoes responsible for infecting people with viruses like Zika, dengue, or chikungunya. Source reduction. Eliminating mosquito habitats, such as discarded containers and rain gutters.

Use of chemical larvicides like Temephos 50% EC in big water holdings Aerosol space spray during day time in and around the houses, market places, large campuses and buildings using Pyrethrum 2% Extract.

Dengue Fever Control Activities for SSCET Campus

VILLAGESCHEDULE: VILLAGE 1				
S. No	Observations	Yes	No	HEI Action
1	Do all households have a toilet?		No	If, No, Then what Action has been taken by the HEI Making awareness about the Swachh Bharat and Government schemes on constructing toilets
2	Does anyone go out and defecate in the open in village?	Yes		If, Yes , Then what Action has been taken by the HEI Behavioural and attitudinal change programmes have been organised in the village by the a group of College NSS team on sensitizing the sanitation and personal hygiene.
3	Are these faeces from the toilet being disposed in the river?		No	If, Yes , Then what Action has been taken by the HEI
4	Is there any OD spot / excreta in an open place?	Yes		If, Yes ,Then what Action has been taken by the HEI. Behavioural change programs have been organised for the elders,youngsters and children who defecate in the village by the College NSS Team and co-ordinator.

5	Are there institutional toilets at Schools, Anganwadis and Public places?	Yes		If, No, Then what Action has been taken by the HEI
6	Is waste from restaurants, public places dumped into the river?		No	If, Yes , Then what Action has been taken by the HEI
7	Is there a prevalence of visitor/tourist OD?		No	If, Yes , Then what Action has been taken by the HEI
8	Is there an institutional mechanism to check OD by insiders/outsiders?		No	If, No, Then what Action has been taken by the HEI A group of young educated and Self Help Group Women villagers were formed by the College to periodically check the OD by insiders/outsiders
9	Are twin-pit toilets common in the village?		No	If, No, Then what Action has been taken by the HEI Construction of Toilets
10	Are septic tank toilets (non-porous) common in your village?		No	If, No, Then what Action has been taken by the HEI Request VAO to take necessary steps as VAO Proposed to the government for underground drainage system and make treatment plant for solid waste management
11	Is there a P-Trap in all toilets?		No	If, No, Then what Action has been taken by the HEI As only few household have been observed and toilet with septic tank and remaining households will be given awareness by College NSS team
Household Schedule				
12	Is water available in /for the toilet?	Yes		If, No, Then what Action has been taken by the HEI Water is available for all households but with less number of toilets
13	Are all toilets “fly-proof” – or Hygienic?		No	If, No, Then what Action has been taken by the HEI Give awareness to the

				households regarding maintenance of toilets Hygiene
14	Is the human waste disposed of in the Drain, a) Nullahs, b) Openpit; c) Ponds or river or streams or any water bodyetc.	Yes		If, Yes , Then what Action has been taken by the HEI Through awareness and construction of toilets
15	Is fecal sludge directly discharged to water bodies?		No	If, Yes , Then what Action has been taken by the HEI
	Is there any garbage or litter piled up or dumped within 10 feet perimeter of the house, outside the premises of the household being canvassed		No	If, Yes , Then what Action has been taken by the HEI Have you taken GPS enabled photographs?
16	Is there a practice to wash the hands with soap after using the toilet?		No	If, No, Then what Action has been taken by the HEI. Giving awareness at Anganwadi,School and Household level
17	Is any visible feces found in the environment?		No	If, Yes , Then what Action has been taken by the HEI. Construction of Toilets and Let know the villagers about importance of using toilets.
18	Is there any odour of urine or faeces in the location?		No	If, Yes , Then what Action has been taken by the HEI
19	Did any member of the household defecate in the open in the last three months or after gaining access to toilet?	Yes		If, Yes , Then what Action has been taken by the HEI Awareness programs on Sanitation and negative effects of defecating in open environment have been organised by the department of Economics and Rural Development along with other four departments.
20	Is child faeces disposed of in open area?	Yes		If, Yes , Then what Action has been taken by the HEI Self awareness to parents and by constructing the toilets
Anganwadi Schedule				
21	Have Anganwadi have toilet in own premises?	Yes		If, No, Then what Action has been taken by the HEI
22	Is water available in /for the toilet?		No	If, No, Then what Action has been taken by the HEI

				Provision of water tap is required. As they carry water in buckets from other place
23	Is toilet “fly-proof” – or Hygienic?	Yes		If, No, Then what Action has been taken by the HEI
24	Is the human waste disposed of in the Drain, a) Nallahs, b) Openpit; c) Ponds or river or streams or any water bodyetc.		No	If, Yes , Then what Action has been taken by the HEI Have you taken GPS enabled photographs?
25	Are Anganwadi cleaners maintaining and cleaning public toilets?	YES		If, No, Then what Action has been taken by the HEI
School Schedule				
26	Are there separate functional toilets for boys and girls in the school?	YES		If, No, Then what Action has been taken by the HEI
27	Is there water available for use in the school toilets?	YES		If, No, Then what Action has been taken by the HEI
28	Is the human waste disposed of in the Drain, Nallahs, Openpit; Ponds or river or streams or any water bodyetc.		No	If, Yes , Then what Action has been taken by the HEI Have you taken GPS enabled photographs?
29	Is public toilet accessible to all (including Divyangs/physically challenged)		No	If, No, Then what Action has been taken by the HEI Separate toilets for physically challenged will be arranged by having discussion with VAO and College Higher officials
Public Toilets Schedule				
30	Is there a Public Toilet in the village?	No		If, No, Then what Action has been taken by the HEI We discuss with VAO and Higher officials of the college to construct Public toilet .
31	Are there separate sections for Men and Women?		No	If, No, Then what Action has been taken by the HEI After Construction of toilets separate boards will stitched to the entrance of toilets as per

			gender.
32	Is the human waste disposed of in the Drain, Nallahs, Openpit; Ponds or river or streams or any water bodyetc.	Yes	If, Yes , Then what Action has been taken by the HEI Have you taken GPS enabled photographs? Costruction of toilets with septic tanks
TECHNOLOGY/METHODOLOGY FOR ENSURING SUSTAINABILITY OF ODF			
33	Is any sustainable water supply process/ method adopted for sustainability of ODF?	Yes	If ,Yes Describe the process or method A large water tank have been built to supply water every day to the village also rain water harvesting pits was built to collect the waters and use it sustainably.
34	Is any sustainable process/method adopted forfecal sludge management?	No	If ,Yes Describe the process or method After construction of toilets Maintenance and Management would be handed over to households after bringing awareness among the Villagers

Note-If any other observation for ODF sustainability, kindly describe.

Report on Nilavembu Kudineer Distribution 2019

Name of the Event	Nilavembu Kudineer Distribution
Organized through	NSS / YRC
Resource person	Mr.B.Uthayakumar, Administrative officer Dr.P.Radhakrishnan , Principal
Date/time/venue	13 th November 2019/ 10.30am – 12.30pm/ College Campus
No. of Students Participated	650

Sri Shanmuga College of Engineering and Technology, National Service Scheme (NSS) wing under distributed Nilavembu Kudineer to students and Faculty members on 13th November 2019.

Dengue Fever is the most important vector-borne viral disease in terms of morbidity and mortality in the recent decade with the classic symptoms of high fever, headache as well as muscle and joint pain. It is caused by four types of viruses (DENV-1, DENV-2, DENV-3, DENV-4) belonging to the Flaviviridae family. The viruses are transmitted through the bite of infected Aedes aegypti and Aedes albopictus female mosquitoes that feed both indoors and outdoors during the day time. These mosquitoes thrive in areas with standing water, including puddles, water tanks, containers and old tires. Chennai, Kancheepuram and Tiruvallur has recorded a high number of cases of dengue around 3,000 this year, out of which 2,000 has been reported in the past two months. SSCET NSS Volunteers distributed Nilavembu Kudineer as a prophylactic measure on November 13th 2019. Nilavembu Kudineer, a polyherbal formulation is a decoction concentrate widely used in Siddha Medicine to combat majority of fevers. This program is also to create awareness about dengue. It was given to all students, teaching and non-teaching faculties of SSCET campus.

Report on a Road Safety Awareness Programme (2019-2020)

Name of the Event	A Road Safety Awareness Rally
Organized through	NSS / YRC
Resource person	Inspector of Police, Sankari Traffic Inspector, Sankari
Date/time/venue	21 st January 2020/ 10 am - 12 pm/ Sankari
No. of Students Participated	65

A road safety awareness rally was organised by the District Road Transport Office on Tuesday. With the great perspective in acknowledging the importance of Road Safety, in line with the observance of Road Safety Week, Regional Transport Office organized a mega programme at Sri Shanmuga College of Engineering and Technology, Sankari in association with the National Service Scheme Unit of the college on 21st January 2020. Around 65 students participated in the rally. Road Safety Awareness Rally on Sankari 21.1.2020 at 10.00am. NSS Students and public participated in this rally.

A Road Safety Awareness rally was organized on 21.01.2020. The dignitaries who shared the session were the Inspector of Police Sankari and Traffic Inspector. The session was very useful for students like us, focusing on the safety measures to be followed while riding. Mainly focus on several measures have been undertaken by the students for the safety of the travelers on road:

Seat belt wearing is an important rule for the people traveling in the front seat of the four wheeled vehicles. Heavy penalties have been levied in certain states for the people who violate the rule. This is a major safety measure taken by the government. The wearing of the seat belt reduces the risk of major injury if accident happens and surveys have proved the fact.

- Two wheeled vehicle drivers have to wear helmets and failing to do so can lead to heavy penalty. Measures are taken by the government for the benefit of the people.
- Use of cell phone while driving is prohibited. But hardly people try to follow the rule sometimes. To prevent this, preventive measures like fine payment has been levied on the citizens who are found driving and talking on the mobile simultaneously.
- Red light jumping and no lane driving is another hazard in maintaining road discipline. This is the reason why the government has taken the measure of penalty payment of red light jumpers.
- Over speeding also leads to punishment and many people end up paying fine for the same. The students were very much enlightened by his motivating speech because at this age we ride for fun.
